SAINT-MALO

Suggestions of visits around Saint-Malo

The Breton port is also a real asset to themed cruises, with lots to offer from gardens, golf and gastronomy to Celtic culture, maritime history and ancient castles. Located only 40 minute drive, Mont-Saint- Michel with its abbey perched atop its fortified, rocky base – a miracle of architecture – is one of the bestknown sights in France.

Cancale and Mont St Michel

Distance 150 km / Timing of excursion (with transport by coach): 5h00
Departure from St Malo to Cancale. This port' s history and evolution have always been concentrated on oyster farming and traditional fishing. If you prefer land, you can also follow the process of oyster and mussel farming on solid ground. All the techniques and traditions are now displayed in «a museum - oyster

farm» where an oyster tasting with white wine can be organized for cruise passengers. Then you will discover the Mont St Michel, the marvel of the world: Built on a rock, inside fortified walls, this marvellous site is composed of an abbey and a picturesque little town with restaurants and tiny shops. Located in the heart of a wonderful bay, it's «The Wonder of the Western World».

The Gourmet Walking Tour in the old citadel

Distance 1 km. Timing of excursion: 2H30
Is a synthesis of flavours and history, related through the adventures of our merchant navy and the specialities which have made our reputation .An out- of- ordinary tour which invites you to meet the experts, share their knowledge and taste their

Dinard the medieval city / Dinard and the 19th century bourgeoises villas

Distance 75 km .Timing of excursion (with transport by coach): 4H00.
Dinard is a city of Art and History. Today the medieval fortress is still encircled by an unbroken line of ramparts 3km long and remains the largest fortified enclosure in Brittany. The treasures from the Middle Age have left an impressive heritage: narrow streets lined by beautiful half-timbered houses. **Dinard** The elegant seaside resort of the Emerald Coast is full of architectural and natural treasures. It's impossible to speak about Dinard without mentioning villas and the Edwardian luxurious architecture built along the seaside.

Thematic excursions Garden and sculpture: *Distance 17 km .Timing of excursion (with transport by coach): 2H30.*

Les Jardins de la Malouinière Montmarin and the sculpture museum of Manoli. Close to both Dinard and Saint Malo and bordering the beautiful Rance estuary, the Malouinière «privateer masion» de Montmarin was built in the 18th century as a with a 15 acre park sloping gently down to the water in a series of terraces. Then you will visit **the Manoli sculpture museum:** an important artistic centre in Brittany. Several hundred works of art displayed in his workshops and garden bear witness to his enormous talent
